A Variety of Features

Large, Easy-to-Read Colour Display
The handset's 80 x 102 pixel-display offers a bright, colourful icon-based menu that's easy to see and easy to use. Operation mode and current status are clearly displayed either in waiting mode or in use. The background image is selectable so you can change it to suit your preference.

Customisable Caller ID*
You can customise your Caller ID for at-a-glance identification by assigning a "category colour" from 5 different colours (blue, yellow, green, cyan and white) to be displayed on the LCD screen, as well as

SMS Text Messaging* (English only)
Now the convenience of sending and receiving text messages is available from a home telephone.

Ringer LED on Handset
An amber ringer LED on the top-right corner of the handset lights up to confirm incoming calls and SMS messages.

Polyphonic Ringer Melody/ Tones on Handset
You can choose a high-quality ringer sound from 14 pre-set melodies and 6 ring tones.
